

## **PUBLIC RECORDS REQUEST POLICY**

### **Introduction:**

It is the policy of the City of Reminderville (Hereinafter “Reminderville” or “City”) that openness leads to a better-informed citizenry, which leads to better government and better public policy. It is the policy of Reminderville to strictly adhere to the state’s Public Records Act. All exemptions to openness are to be construed in their narrowest sense and any denial of public records in response to a valid request must be accompanied by an explanation, including legal authority, as outlined in the Ohio Revised Code. If the request is in writing, the explanation must also be in writing.

### **Section 1. Public records**

The City, in accordance with the Ohio Revised Code, defines records as including the following: Any document, including paper, electronic (including, but not limited to, e-mail), or other format, that is created or received by, or comes under the jurisdiction of a public office that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office. All records of Reminderville are public unless they are specifically exempt from disclosure under the Ohio Revised Code.

**Section 1.1** It is the policy of Reminderville that, as required by Ohio law, records will be organized and maintained by each department or office so that they are readily available for inspection and copying (See Section 4 for the e-mail record policy). Record retention schedules are to be updated regularly and posted prominently.

### **Section 2. Record requests**

Each request for public records should be evaluated for a response using the following guidelines:

**Section 2.1** Although no specific language is required to make a request, the requester must at least identify the records requested with sufficient clarity to allow the public office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian must contact the requester for clarification, and should assist the requestor in revising the request by informing the requestor of the manner in which the office keeps its records.

**Section 2.2** The requester does not have to put a records request in writing, and does not have to provide his or her identity or the intended use of the requested public record. It is Reminderville's general policy that this information is not to be requested.

**Section 2.3** Public records are to be available for inspection during regular business hours, with the exception of published holidays. Public records, whenever possible, should be made available for inspection promptly. In processing a request for inspection of a public record, a City employee must accompany the requestor during inspection to make certain original records are not taken or altered. Copies of public records must be made available within a reasonable period of time. "Prompt" and "reasonable" take into account the volume of records requested; the proximity of the location where the records are stored; and the necessity for any legal review of the records requested.

**Section 2.4** Each request should be evaluated for an estimated length of time required to gather the records. Routine requests for records should be satisfied immediately, if feasible to do so. Routine requests include, but are not limited to, meeting minutes (both in draft and final form), budgets, salary information, forms and applications, personnel rosters, etc. If fewer than 20 pages of copies are requested or if the records are readily available in an electronic format that can be e-mailed or downloaded easily, these should be made as quickly as the equipment allows.

All requests for public records must either be satisfied (see Section 2.4) or be acknowledged in writing by the proper City departmental records custodian within five (5) business days following the office's receipt of the request. If a request is deemed significantly beyond "routine," such as seeking a voluminous number of copies or requiring extensive research, the acknowledgment must include the following:

- A. An estimated number of business days it will take to satisfy the request.
- B. An estimated cost if copies are requested.
- C. Any items within the request that may be exempt from disclosure.

**Section 2.5** Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority.

### **Section 3. Costs for Public Records**

Those seeking public records will be charged only the actual cost of making copies.

**Section 3.1** The charge for paper copies is 7 cents per page (8 ½ x 11); 11 cents per page (11 x 17).

**Section 3.2** The charge for downloaded computer files to a compact disc is \$1 per disc.

**Section 3.3** There is no charge for documents e-mailed.

**Section 3.4** Requesters may ask that documents be mailed to them. They will be charged the actual cost of the postage and mailing supplies.

**Section 3.5** A requester may be required to pay in advance for costs involved in providing the copy. The requestor may choose whether to have the record duplicated upon paper, upon the same medium in which the public record is kept, or any other medium on which the record can be duplicated.

#### **Section 4. E-mail**

Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of any department of the City. E-mail is to be treated in the same fashion as records in other formats and should follow the same retention schedules.

**Section 4.1** Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of Reminderville are instructed to retain their private e-mails that relate to public business (see Section 1 Public Records) and to copy them to their City e-mail accounts and/or to the department's records custodian.

**Section 4.2** The records custodian is to treat the e-mails from private accounts as records of Reminderville, filing them in the appropriate manner, retaining them per established schedules and making them available for inspection and copying in accordance with the Public Records Act.

#### **Section 5. Failure to respond to a public records request**

Reminderville recognizes the legal and non-legal consequences of failure to properly respond to a public records request. In addition to the distrust in government that failure to comply may cause, Reminderville's failure to comply with a request may result in a court ordering the City to comply with the law and to pay the requester attorney's fees and damages.

By authority of:

**Mayor Sam Alonso**
