Mayor's Report

No report.

Law Director

Ms. Lohan started a discussion on golf carts, mostly in Aurora Shores. Ohio Revised Code regulates that golf carts must meet requirements including inspections, registration, seatbelts, headlights, taillights, brake lights, turn signals, windshields, windshield wipers. The City can enact their own law by banning them or requiring golf cart owners to follow the Ohio Revised Code which is already in place by default. The City can require more than the code but cannot require less. The City can also regulate what streets golf carts are prohibited. The police department can cite golf cart drivers just like they do for car drivers for criminalities including underage drivers or intoxicated drivers. Ms. Lohan's recommendation is to take a position of either banning golf carts in the entire city or allowing them with the existing requirements in place in the Ohio Revised Code with the addition of restricting golf carts on specific streets. Chief Berquist stated there are more

golf carts in the Shores each year. He feels golf carts should not be allowed on Glenwood Blvd due to more opportunities for accidents. Glenwood Blvd could be restricted other than for the 4th of July parade when that road is closed. There will be further discussion at upcoming meetings.

Service Department

Mayor Alonso reported they will be picking up leaves each week as long as their schedule allows.

Reminderville Athletic Club

Ms. Rockhill reported they are doing a food and hygiene product drive through the end of the year. Donations will go to Our Community Hunger Center. Those who donate will receive 10% off the purchase of any membership type. One 10-item donation discount per household. There is also a 2-week membership promotion through the end of the year for college students home for break or for family members in town who want to use the RAC or for residents who want to try it out. She is also holding a team-building event for the staff. Ms. Rockhill replied the walls have been confirmed safe and the cost for caulking the walls is \$280,000. They can look into combining the wall repairs with the roof repairs. Mayor Alonso added there was a microburst on Liberty Road by the plaza around the time of the RAC opening; it might be something to look into for insurance coverage if it affected the walls and roof. Mr. DiCarlo asked if they can look into combined borrowed funding for the walls, roof, and the new service garage.
